Positioning Solutions From Spectra Precision

GNSS Receivers

SP80

The Most Connected GNSS Receiver

- New 240-channel 6G ASIC
- 3.5G cellular modem
- Internal TRx UHF radio
- SMS and e-mail alerts
- Anti-theft protection

SP60

New Generation flexible RTK rover

- New 240-channel 6G ASIC
- Z-Blade GNSS-centric
- Internal TRx UHF radio
- Long Range Bluetooth
- Anti-theft protection

ProMark 700

The perfect Network RTK rover

- Extremely lightweight and compact
- Ultra-rugged and shock resistant
- Reliable and proven technology
- Outstanding all-day battery life

ProMark 220

All-in-one Rover Solution for Network RTK

- Z-Blade GNSS centric technology for precise RTK
- Dual-frequency and dual-constellation
- Outstanding reliability in harsh environments
- Designed for efficient network RTK

ProMark 120

Versatile GNSS Solution

- Exceptional Post-Processing
- Z-Blade GNSS centric signal processing
- Outstanding GPS & GLONASS performance
- Short occupation time
- Unparalleled ease-of-use

Spectra Precision:
Simply Powerful

Total Stations & Digital Levels

FOCUS 35

Fully Robotic Motorized Total Station

- 1", 2", 3" and 5" angle accuracy
- StepDrive™ motion technology
- LockNGo™ advanced tracking technology
- Spectra Precision Survey Pro™ and Layout Pro field software applications

FOCUS 2

Reliable, Ergonomic Total Station

- 2" and 5" angle accuracies
- Accurate distances
- Easy-to-use onboard software
- Long battery life

FOCUS DL15

Economical, functional Digital Level

- Consistent Measurement Precision
- Measure and Record with a Single Key Press
- Onboard Measurement Software
- Internal Data Storage and Easy Transfer

Data Collectors

Ranger 3

Full Featured and Powerful

- IP67 and MIL-STD-810G rugged
- 30+ hour battery life
- Full alphanumeric keyboard

T41

Rugged, Connected and Fast

- Integrated 3.75G cellular
- Internal GPS receiver
- 8 megapixel camera

Nomad

Small, Rugged, and Efficient

- Backlit numeric keypad
- Optional WWAN and camera

Software

Spectra Precision Central

The Integrated Cloud Hub for Data Exchange and Backup

Survey Pro

The Standard in Survey Data Collection

Layout Pro

Productive, Easy-to-use Construction Layout Software

Survey Office

Complete Survey Project Management

Positioning Solutions From Nikon

Mechanical Total Stations

Nivo C Series

Fully Featured and Compact

- 1", 2", 3" and 5" angle accuracies, long range reflectorless
- Survey Pro, Survey Basic with Roads and Layout Pro software onboard
- Compact, rugged, and lightweight
- Hot swappable batteries

Nivo M+ Series

Intuitive, Dependable, Go Anywhere Total Station

- 2", 3" and 5" angle accuracies, long range reflectorless
- High quality Nikon optics
- Compact, rugged, and lightweight
- Hot swappable batteries

DTM-322+/NPL-322+ Series Tough Mechanical Total Stations

- 2" and 5" angle accuracies
- Prism and reflectorless measurements
- Fast, accurate EDM
- Easy-to-use keypad

Nikon® Mechanical Total Stations.
